ANNUAL VACCINATIONS – DOGS & CATS

- Rabies Vaccination – DOGS & CATS (\$10.00)
- DOG/PUPPY – Distemper/Parvo Combo Vaccination (\$12.00)
- CAT/KITTEN – Distemper/FVRCP Vaccination (\$12.00)

DOGS ONLY

ANNUAL HEARTWORM TESTING is ***strongly*** recommended for dogs more than 6 months of age*.
Heartworm disease is transmitted by mosquitoes and is potentially fatal to dogs.

**Dogs under 6 months of age may begin preventative without testing.*

- Please test my dog for heartworms (\$22.00)

Note: *Heartworm preventative may only be purchased if your dog is tested today or if you have written proof that he/she has been tested during the last 12 months. The price of heartworm preventative depends on how much the dog weighs.*

Kennel Cough (Bordetella) Vaccination is recommended for dogs that come into contact with other dogs of unknown medical history. (At the park, around the neighborhood, professional groomer, etc.)

- Please give my dog a kennel cough vaccination (\$12.00)

CATS ONLY

Testing for Feline Leukemia & Feline Aids Virus (FELV/FIV) is **strongly** recommended because these are contagious and potentially fatal viruses.

- Please test my cat for these viruses (\$22.00)

Feline Leukemia Vaccinations are recommended for outdoor cats to protect them from this contagious and potentially fatal virus. The first year this vaccine is administered, the cat should receive an initial vaccination and then a booster 3 weeks later. After that, only an annual booster is needed. (This vaccination will not be administered unless a test is run to check for the virus first. See question above

- Please give my cat a Feline Leukemia Vaccination (\$14.00)

ADDITIONAL SERVICES

Fecal samples may be checked to see if dogs or cats have intestinal parasites, such as roundworms, hookworms, whipworms, tapeworms, etc.) There is no over the counter wormer which is effective against all of these parasites.

- Please check my pet's fecal sample for parasites (\$10.00)

Worm Medication may be dispensed without a fecal sample. Price depends on whether the pet is a dog or cat as well as weight.

- Please give my pet worm medications

Microchipping is the only permanent form of pet identification. A microchip is about the size of a grain of rice & is inserted under the skin between the shoulder blades. If your animal is lost or stolen, animal shelters & hospitals can check for microchips. FREE lifetime registration.

- Please Microchip my pet today (\$30.00)
